FEDERAL CREDIT UNION

Making Cents

Free Yourself

Bill's stacking up? Free yourself from the weight of mounting paperwork each month by using Baycel Federal Credit Union's Electronic Bill Payment service.

It's Easy!

You will appreciate this easy-to-use bill paying process. Many of the familiar aspects of bill payment remain; however, EPB can save you time, money, and make it easier to track your bills. You can review account history. (And, in some cases, you can have the extra benefit of viewing check images online.)

This user-friendly service also includes several timesaving features. You have the ability to establish re-occurring payments and the convenience of paying multiple bills from one screen.

And, unlike other bill paying products, this Electronic Bill Payment service can pay anyone. The system pays bills electronically when possible, and pays by check in all other instances. The payments are drawn on your share draft account at your credit union - just as if you'd written the check yourself.

It's Safe!

You can pay bills with confidence and feel safe with a high level of built-in security.

Efficient. Reliable. Secure. A new service designed to improve the chore of paying bills. For more information on Baycel Federal Credit Union's EBP service, visit us at www.baycel.org or contact us at (979) 244-3995 or (361) 972-5385.
